Foot pad*4

Precautions before assembly

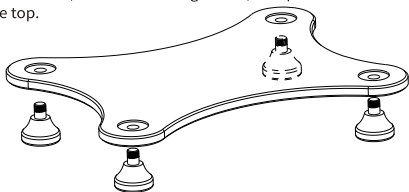

1. There is a protective film on the surface of the acrylic plate, which can be torn off or kept;
2. Please carefully confirm that all components are complete;

3. Please follow the assembly steps in the instruction manual to assemble;

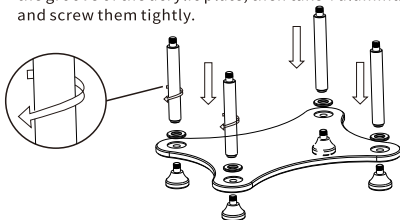

4. If you find missing components during assembly, please inform us in time. If this causes any inconvenience, please forgive me.

2、Installation Steps

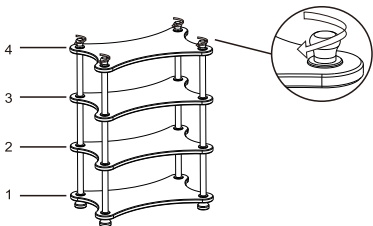

1) Take 4 Foot pads and install them on the round holes of the acrylic board (the side with no grooves) and place them flat on the table top.

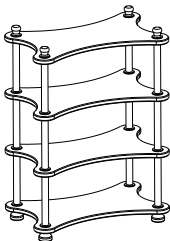

2) Take 4 flat gasket through the foot screw and lay them flat in the groove of the acrylic plate, then take 4 aluminum pillar install and screw them tightly.

3) Repeat the above steps, then install acrylic plates, flat gaskets, and aluminum pillar until the 4 layers of shelves have been installed, and then install the 4 top nuts and screw them tightly.

4) After the assembly is completed, place the rack on a horizontal surface, confirm that the rack is stable and the parts are not loose before use.

Precautions for Maintenance

1. Inadvertent use, out-of-function use, improper maintenance, our company will not be responsible for any irresistible factors such as natural disasters or failures caused by customers' unauthorized modification;
2. The dust on the product can be wiped gently with a relatively dry cloth. Do not use force, and do not wipe with alcohol or other chemicals to avoid damaging the surface of the acrylic sheet;
3. Avoid bringing flames, high-temperature objects, electric furnaces, etc., close to them, avoid being stained with chemicals such as sulfuric acid, etc., and do not place them in the sun.
